

Our family is against the removal of the K-Love Broadcast in the Raleigh metroplex.

The service of KLOVE on our community is multi-functional. It serves as a spiritual strengthener for Christians, a safe spot for young listeners to hear when riding with parents without having to be subjected to profanity and indecent lyrics from secular songs, and as a guiding tool for those who are seeking a relationship with Christ.

For KLOVE to be removed from the Raleigh metroplex audience to allow the LPFM broadcaster it's spot would make our family not ever listen to the radio again, since KLOVE is the only station our family visits on the FM dial.

Please do not remove KLOVE from the radio. The world is so negative as it is, and removing KLOVE from the radio would be removing the only light from the tunnel.

Sincerely,

The Slaton Family
